

ONE OF 350 POLK DIRECTORY LIBRARIES

This Little Library Can Answer 945,000,000 Questions

MANY TRIPS AT YOUR FINGER-TIPS —
SAVE MANY MILES, MINUTES and DOLLARS

There are over 500 of these directory libraries in the United States. They are installed and maintained by the Association of North American Directory Publishers as part of the service given to directory advertisers.

Think what this means to you in effort, time and money saved. You want to know the relationship of the signer of a letter to the firm he represents—the directory library has the answer; someone you vitally need to get in touch with in a distant city has moved; business addresses or firm names have changed—the directory library has the answer. Public officials have been replaced by new elections; location of real estate is desired—again the directory library holds the answer.

Of course you could write or phone for the data you desire, but maybe you don't know just who to approach—the directory library has the answer.

This service is free, for single reference, to the public.

INTRODUCTION

R. L. POLK & CO., INC., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1937 edition of the Hudson City Directory, which also includes Claverack, Stottville and the rural routes pivotal from the Hudson Post Office. Four new features mark this edition. They are the designation of tenant-owned homes, the designation of the population of each house, and the listing of the telephone number—all in the Directory of Householders—and the Numerical Telephone Directory.

Confidence in the growth of Hudson's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Hudson to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Hudson Directory will fulfill its mission as a source of authentic information pertaining to the community.

Seven Major Departments

The seven major departments are arranged in the following order:

THE MISCELLANEOUS DEPARTMENT, pages 17 to 23, presents lists of city, county, state and federal officials; post office and public school Directories; statistical review; historical sketch; and manufacturing, trade and civic surveys.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Hudson is included in pages 25 to 202. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Hudson, and the name, official personnel, nature and address of each firm and corporation in the city. A similar list for Claverack is contained in pages 257 to 263, and for Stottville, in pages 265 to 274.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, covers pages 203 to 244. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the inter-

secting streets appear at their respective crossing points on each street. Three new features are included in this section. They are the designation of tenant-owned homes, the designation of the population of each house, and the listing of the telephone number.

THE NUMERICAL TELEPHONE DIRECTORY, a new feature, will be found in pages 329 to 336.

THE HUDSON RURAL ROUTES DIRECTORY extends from page 245 to page 255.

THE BUYERS' GUIDE, beginning opposite page 274 and separately paged from 2 to 10, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Hudson and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Hudson, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 285 to 328. This department lists the names of all business and professional concerns of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Hudson and vicinity. There are more than 450 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which R. L. Polk & Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Historic Hudson

The third oldest city in the state, losing by one vote being the capital of New York state, Hudson was named after Henry Hudson who landed at this site on "de Halve-Maan" ("the Half Moon"), Sept. 16, 1609. One of the records in the log-book of the vessel is very quaint and simple—"The lands are pleasant with Grasse and Flowers, and goodly Trees as ever we have seene, and very sweet smells come from them." As the region has always abounded with sweet clover and September is the month of fragrance, we can easily understand why this portion of the river should have suggested to the navigators the name

of Clover Reach or Klaver Rack, whence the Claverack of today. The settlers at Claverack and surrounding territory immediately established a river-landing, which later became Hudson, and the place was known then as Claverack Landing.

In 1783 a committee of merchants from New Bedford and Nantucket, after perusing the Hudson River for a favorable site, selected Claverack Landing to start a commercial settlement. Having completed their purchase, they proceeded to lay out streets, and two years later, on April 22, 1785, the City of Hudson was given its Charter by the State. Hudson celebrated its sesquicentennial in 1935 with a glorious week of impressive events. Hudson was the third city to be incorporated in the state, the first to be chartered after the signing of the Declaration of Independence, and thus was the first American city; it was the third port of entry; and, when on March 6, 1793, the Bank of Columbia was chartered, it contained the third bank established in the state.

Hudson then became the center of a vast commerce, with ship-building, from the beginning, a leading industry. Hudson was also famous as a whaling port. Among the early industries was the C. H. Evans Co., Evans' Ale, founded in 1786, and one of the first breweries in the country.

Population

The population of Hudson proper is 12,337 (1930 U. S. Census); that is, inside the old corporate lines, for just over the city lines are another approximate 5,000 persons, for a total population of over 17,000. Residing in the city are 1,808 foreign-born. As the county seat, Hudson is the center for all of Columbia County, population 41,617 (1930 Census).

Location

Hudson, New York, "In the state that has everything," in the picturesque foothills of the Berkshires, is situated at a strategic point, for residence and industry, on the east bank of the Hudson River, built upon a hill, Promenade Hill. It overlooks the Hudson River, with a beautiful view of this "Rhine of America," and the Catskill Mountains, only several miles away. It is 115 miles north of New York City; 42 miles from Poughkeepsie; 33 miles south of Albany; 38 miles west of Pittsfield, Mass.

Located as it is, Hudson enjoys temperate seasons, the annual mean temperature being 46.2 degrees. The climate is exceptionally healthful. The drinking water is relatively soft.

Government

The form of government is mayor and common council. The city has one of the finest volunteer fire departments in the state, and an adequate police department. The total street mileage is 18.5, and almost all of the streets are paved. There are six acres of well kept parks, with playgrounds and wading pool under capable supervision. Property valuation: Real, \$9,233,314.40; special franchise, \$253,612 (1937-38). Tax rate: city, \$31.87; county, \$19.44 (1937-38).

Industries

Located at one of the finest spots in the Hudson River valley, Hudson's industrial development has gone forward in many and varied lines. It is in the heart of a great agricultural county, and lower living costs—in fact, in one of the finest agricultural and fruit sections of the Empire State—not to mention the number of other diversified industries

within the county. In Hudson there are 18 manufacturing plants, many nationally-known, employing about 1,300 men and 500 women—engaged in producing cement in two of the largest plants in the world, elevating and conveying machinery, tools, presses, refrigerators, wool and knit goods famous in the country at large, silk cloth, an international brand of ginger ale, matches, insulation felt, auto parts, rugs, shirts, sweaters, dresses, hand bags, potato chip, boxes and strip fly paper. The annual combined payroll is approximately \$3,000,000.

The Chamber of Commerce, fifteen years ago, developed the Industrial Tract, and located several of Hudson's important industries thereon. There is still available 74 acres, equipped with railroad siding and pipe line. Other sites are available, as well as several large lofts, which are ideal for manufacturing purposes.

Business

The shopping district is about three-quarters of a mile long, with a retail trading area comprising all of Columbia County, with a population of 41,617 (1930 Census), extending north, 15 miles; south, 13 miles; east, 21 miles; and west, 1 mile.

The stores along the main stem are progressive and up-to-date. The Bureau of Foreign and Domestic Commerce issued a report that Hudson, in 1933, had retail sales amounting to \$4,937,000, showing that each resident of the city spent an average of \$400 for that year, or \$196 more than the nation's per capita expenditure. According to a survey recently released, retail sales in 1935 realized from Hudson's 12,337 inhabitants were \$6,559,000, or a 31% increase over the 1933 total. Two hundred twenty-one persons per 1,000 Columbia County residents have passenger-car registrations.

According to an investigation sponsored by the Social Science Research Council, Hudson is in the so-called "Blue" class, or next to "Purple," which is the highest standard of living. Hudson is, therefore, above "Green," the national average—then come lower living standards, "Yellow," "Orange" and "Red."

Telephone installations number 2,846.

Transportation

Hudson is fortunate in being served by many transportation companies, including the main line of the New York Central Railroad, and the Boston & Albany Railroad; buses—the Hudson City Bus Line provides local bus service; taxi rates are reasonable; then there is the United Transportation Co. to Albany, Twilight Bus Line to Poughkeepsie, and Philmont Transportation Co.; water—the Hudson River Day Line.

The Hudson-Athens Ferry provides a direct route between the Berkshires and the Catskill Mountains. The famous Rip Van Winkle Bridge, between Hudson and Catskill, one mile long, connects the tourist traffic of the nation to and from the Catskills, Berkshires, Saratoga, Lake George and the Adirondacks, with New York City and centers of all New England.

Hudson is located on the main highway, Route No. 9, from New York to Albany, with first-class roads branching out in all directions, and daily delivery by trucks to near and distant important markets.

A Government emergency landing field, located about a mile from the city limits, is available.

Banks

Three commercial and one savings, with total deposits (June 1, 1937), of \$17,365,965.75, and total resources of \$21,528,885.18; a savings and loan association, with assets of \$445,016.67 (Dec. 31, 1936), and total reserves of \$35,502.89.

Newspapers

Two daily newspapers, the "Hudson Daily Star" and the "Hudson Evening Register," with roots going deep into the past, have wide circulation.

Hotels

The General Worth, St. Charles, Howard and Ritz hotels provide ample accommodations.

Churches

Twenty-one churches, of leading denominations, minister to the spiritual needs.

Education

The early days emphasized schools and educational values, and the modern Hudson has led out with no uncertain step so that today it ranks among the highest in the state in scholarship, with four public schools, one high school, one parochial, and a new half-million dollar high school accommodating 1,000 pupils. There are 2,313 pupils and 86 teachers in all. There is also a private business school.

Health

Suffice it to say that since its inception, four years ago, the Columbia County Department of Health won honorable mention in the 1934 Inter-Chamber Rural Health Conservation Contest, sponsored by the Hudson Chamber of Commerce, and conducted under the auspices of the Chamber of Commerce of the United States with the cooperation of the American Public Health Association. In 1936, the Department took first prize in the Northeastern Division.

Hospital

A first-class institution, with one hundred beds.

Organizations

The fraternal organizations have large representations, including the Elks, Knights of Columbus, and Masonic bodies, Hudson Lodge No. 7, F. & A. M., having just celebrated its 150th anniversary. The Boys' Club, Boy Scouts, Humane Society, Public Health Cooperative Committee, Red Cross, Salvation Army and Y. W. C. A. compose the Community Chest family, and are among Hudson's cherished possessions. Rotary meets regularly, Mondays, at noon; the Lions, every other Tuesday evening at 6:30.

Institutions

The New York State Volunteer Firemen's Home, the larger of only two such homes in the world; the New York State Training School for Girls, a progressive and educational institution that is a model throughout the world; the Home for the Aged, and the Orphan Asylum provide homes under able management.

Library

The D. A. R., with over ten thousand volumes.

Recreation

The Chancellor Livingston High School and Athletic Field, just completed, is in an area that will be a complete "civic center"—a "ciyic center" that cities of the largest class might well be proud of—including a baseball diamond, football and soccer field, a quarter-mile running track, five tennis courts, ample playgrounds for smaller children, park areas with drives, walks, etc.

There are two modern theatres, seating about 1,500 persons, and a new theatre under construction which will have a seating capacity of over 1,500.

Inns and hotels provide dancing, while nearby are riding academies, and lakes and parks for swimming, fishing, and boating—country clubs for golf and tennis—hunting, ponds for skating, and ski trails go to make Hudson and its surroundings the sportsmen's haven and the vacationists' paradise.

A lecture series, and a music series, with notable speakers and artists, and the Columbia County Choral Club, which meets in Hudson, contribute to the cultural activities within the city.

Points of Interest

Historical markers show the site of the first City Hall, built in 1786—the Presbyterian Church since 1835; "Parade Hill," now Promenade Hill, land granted in 1795 by the Proprietors of Hudson to the Common Council for a public walk or mall; Central Square, building erected there as a gaol or jail, in 1805, subsequently the City Hall, and in 1862 purchased as a newspaper office, the site of the "Hudson Evening Register"; home of Maj. Gen. Worth, now occupied by a private family—here Maj. Gen. Wm. Jenkins Worth was born, in 1794, a famous son of Hudson, distinguishing himself in the War of 1812 and in the Mexican War; Franklin Square, now a park, was the site of the first two dwellings erected in what is now Hudson, in 1783.

Short trips from Hudson to the truly romantic County of Columbia, which celebrated its 150th anniversary in 1936, and one will find a country unparalleled for scenery, with prosperous villages and towns, rich in orchards and farming, and rich historically. In Kinderhook one may see "Lindenwald," the home of Martin Van Buren, the eighth President of the United States; the Van Alen home, built in 1736, where lived Katrina Van Tassel, of the legend of Sleepy Hollow; and the House of History, built prior to 1825, formerly the Burt home, now owned by the Columbia County Historical Society. In Claverack is the old court house where Aaron Burr and Alexander Hamilton tried cases. Near Cheviot is "Clermont," Livingston Manor, built in 1730 by Robert Livingston, son of the first Lord of Livingston Manor; it is the birthplace of Chancellor Robert R. Livingston and the scene of important Colonial events.

Here lived, to mention a few: The aforementioned Chancellor Robert R. Livingston, a drafter of the Declaration of Independence; Benjamin Butler, of Stuyvesant, Attorney-General of the United States and Secretary of the Treasury; Nathaniel P. Talmadge, of Chatham, United States Senator and Governor of Wisconsin; Samuel J. Tilden, of Lebanon, Governor of New York; Martin H. Glynn, of Valatie, Governor of New York; Amos Eaton, of Chatham, famed zoologist and first President of R. P. I., Troy; Frederick B. Power, of Hudson, world-renowned chemist.

One of the county's best-known men today is Thomas W. Lamont, of J. P. Morgan & Co., who was born in Claverack. Edna St. Vincent Millay has adopted the county as her home and lives at Austerlitz. Up to two years ago, John Cowper Powys, the English essayist, poet and novelist, lived at Harlemville for over 20 years; and today at Harlemville lives Arthur Davison Ficke, also a poet and former Harvard professor.

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

POLK'S HUDSON

Directory of Householders, Occupants of Office Build-
ings and Other Business Places, Including a
Complete Street and Avenue Guide

1937

Copyright, 1937, by R. L. Polk & Co., Inc.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled in with Named Streets in their regular Alphabetical order.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Figures following names denote number of persons living at that number.

Telephone numbers, as supplied to us on our canvass, are shown opposite names. Exchange is Hudson unless otherwise noted.
